

# DIY Goats Milk Soap

## Supplies

1 pound goat milk soap base

3 tablespoons honey

1 teaspoon vitamin e oil or coconut oil

30-50 drops essential oils

## Instructions

- + chop goats milk into 1 inch squares
- + melt in 30 second increments, until melted (melt in a glass bowl or bowl you can toss after)
- + stir in honey, melt a little more if needed
- + add oils and stir to combine
- + pour into soap molds and let harden
- + pop out of molds and let set for 24 hours
